R. No. 39-1/Mal.

Station Madras, *Dated the* 26th August 1931.

From (Name) Major J.R.D. Webb, O.B.E., I.M.S.,

(Designation) offg. Director of Public Health, Madras.

To The Secretary to the Government of Madras,

Local Self-Government (Public Health) Department.

Sir,

With reference to the Government Memorandum No. 24195-1 E.1 P.H. dated the 3rd July 1931, I have the honour to represent that quinine distribution in the taluks of Puttur and Karkala has proved successful. I must point out that the Special Malaria Officer has recommended that of the remaining taluks Coondapoor and Udipi are the most deserving for free quinine distribution owing to the heavy infection of malaria amongst the residents. The request from Mangalore taluk shows that the people of the district do appreciate quinine and if Government can sanction the extension of free quinine to this taluk, I believe it will be well used in the area.

Although

Although the Government in Memorandum No.45192-1 E.1 P.H. dated 8th December 1930 drew attention to the inability to extend the scheme for the free distribution of quinine, yet it may be possible to do so in this instance. (B)

I have the honour to be,

Sir,

Your most obedient servant,

Major, I.M.S.,
Offg. Director of Public Health,
Madras.

PRR.
26-8.

To

The Honourable Dewan Bahadur
B. Muniswami Naidu B.A.B.L.,
Chief Minister to the Government of Madras.

Honourable sir,

We the President and the members of the Mangalore Taluk Board, South Kanara District, beg to offer you a most cordial welcome on this memorable occasion of your first official visit to our District.

(Advance copy)

2. While bidding you a hearty welcome, we may mention some of our most pressing needs for the sympathetic and generous consideration of the Government.

3. When the Government were paying recurring subsidy for village communications etc., prior to the conversion of the grants for second class roads and the District Health staff, the Taluk Board was able to undertake some village roads. The share of this Taluk Board to the above recurring subsidy was Rs 15,690. The construction of the Bantwal Gurpur road which was partly finished out of the above grant has remained still incomplete for want of funds. Besides there are other ready schemes for the improvement and opening of necessary village communications which could not be undertaken owing to financial stringency. On account of too many streamlets, communication in the villages is rendered extremely difficult during the four months in the rainy season i.e. from June to September. We pray that the Government may be pleased to sanction annual recurring grants for the opening of more village roads and for the construction of foot-bridges over streamlets without the condition of making equivalent contribution from the Taluk Board funds.

This point has been noted on, in connection with address of Mr. Ittiah & other MLAs
[illegible]
2/5

4. In accordance with the Government Memorandum No.24,798-A-1 D2 P.W. dated 8th July 1929 our Taluk —

Board has submitted a five years' programme for sinking and steining of urgently required wells. Last year no well work could be undertaken on account of paucity of funds. There are sanctioned estimates ready. We, therefore, pray that necessary grants may be sanctioned for improvement of water-supply foregoing the condition of making a contribution for the purpose from the Taluk -- Board funds.

This condition cannot be relaxed at least for some years to come. WDR 22/5

5. Taluk Headquarter Hospitals have been taken up by the Government. Our Taluk Board has the disadvantage of being in the Headquarter station of the District. The Bantwal Hospital which has been in existence from the time of other Taluk Headquarter Hospitals in the District is still under the control of this Taluk Board. Bantwal is the Headquarter station of ~~the~~ a Deputy Tahsildar. -- We, therefore, pray that the above hospital may be taken up by the Government and some relief given to the Taluk Board just like the sister Taluk Boards in the District so that the savings thereof may be utilised for other urgent purposes and needs.

Not possible. Govt have already stated that they can undertake no further liability in respect of medical institutions maintained by local bodies. Finances of Govt not good just now. WDR 22/5

6. There are only two rural dispensaries in our Taluk though several interior villages have no sort of medical aid, either for want of easy and convenient ---- communications or owing to the long distance to the existing Medical Institutions. We pray that the Government may be pleased to sanction rural dispensaries in four more places under this Board.

If the T.B. will find its share & submit definite proposals this matter will be considered by the Govt. WDR 22/5

7. We beg to place before you the fact that some of the villages of this Taluk in the interior are within the malaria area and the people therein are very much - affected by the ravages of this disease. We, therefore, pray that the Government may be pleased to sanction at - an early date free distribution of quinine to the affected areas of this Taluk.

Quinine is now distributed free in two talukas in the Shimoga Dt. If proposals are submitted by the T.B. the matter may be considered WDR 22/5

8. We offer you once more in conclusion our most hearty welcome and thank you for visiting our place. We trust that by favourably considering the matters --- brought to your special notice just now, you will leave a permanent and lasting memorial of your visit to this place.

We beg to remain
Honourable sir,

Yours very sincerely,

The President and the members of
the Mangalore Taluk Board.

D.O. Mangalore Taluk Board ~~Office~~

Mangalore, dated 19th May '31.

Dear sir,

I enclose herewith an advance copy of the address to be presented to you by this Taluk Board on the 25th instant at 8.30 A.M. in my Office

24195

Yours sincerely,

K Sundaswara Adiga

President.

To

The Honourable Dewan Bahadur
B. Muniswami Naidu B.A.B.L.,
Chief Minister to the Government of Madras
Stone House Hill, Ootacamund.

I have received the address & replied on the lines of the marginal note.

Para 7 to be communicated to DPI for records

[Memo No. 24195-1C/P.H 7 8.7-31]

Cyo 33437 from the D.P.H.R No 39-1 Rat 7

26-8-31

The D.P.H recommends that the scheme of free distribution may be extended to Kanjalur taluk. The question of removing the scheme of free distribution of Quinine and extending it to new areas is a separate matter

for instructions
Quinine is now supplied free to all taluks

Consideration. The decision thereon may be awaited in this case.
